Career Preference Outline

The career preferences of 25X1A9a have been reviewed by the Board and seem appropriate and compatible with his qualifications. He is encouraged to undertake appropriate training as required. On item B.2. of Section C the Board feels that, although the suggestion has considerable merit, existing security policy and other difficulties preclude the accomplishment of such area familiarization.

B. LONG-RANGE (Within next 3 to 5 years)

A. IMMEDIATE (Within next 1 to 2 years)

- 1. Effective Speaking I-5**
- 2. Scientific Intelligence I-4**

B. LONG-RANGE (Within next 3 to 5 years)

- 2. Area familiarization -- either by short tours of at least 2-3 months in the USSR, or preferably by a 1-year assignment to advanced graduate study in the Department of Economic Geography of the University of Moscow.**

12. ADDITIONAL COMMENTS

The last suggestion is based upon the premise that such training will become possible in the near future, and that necessary Agency clearances and approvals are arranged. Not only would such an assignment complete the one missing phase of my 10-year period of training as an area specialist, but it would also be of material advantage to the Agency to have someone participate in a unit of the Soviet educational system that plays such an important role in the formulation of plans for the economic development of the various parts of the USSR.

RECOGNIZE THAT THE IMPLEMENTATION OF MY CAREER PREFERENCES MUST DEPEND UPON THE NEEDS OF THE ORGANIZATION. I UNDERSTAND THAT MY PERFORMANCE, CAPABILITIES AND INTERESTS WILL BE GIVEN DUE CONSIDERATION.

15. RELATIVE TO CAREER INTERESTS OF EMPLOYEE

25X1A9a

[REDACTED] career interests are supported by his background, training, and experience with the Agency. He is very competent and is making a valuable contribution to the Agency in his present assignment. In his work in geographic intelligence he is developing a capacity which could serve him well in a possible future assignment dealing with intelligence problems of either an operational or of a broader scope than specifically geographic intelligence.

16. RELATIVE TO TRAINING FOR EMPLOYEE

25X1A9a

The training suggested for both short range and long range is consistent with both the interests of D/OC and [REDACTED]. Although the desire for training in the Soviet Union is somewhat ambitious, it is possible that some form of such a program might be practical 3 - 5 years hence.
